

*PANDAS & PANS Community Partners

We, as separate and unique non-profits in the U.S., strive to support PANDAS-PANS children and their families seeking the improved health and well-being of their children and families. As Community Partners, we will work together to develop plans to fund research, create awareness and grow support for families in need.

Our Mission Statements

PANDAS Network is dedicated to improving the diagnosis and treatment of children with PANDAS and PANS. Armed with an impressive network of doctors, researchers and scientists, PANDAS Network strives to collaborate with subject matter experts, build public awareness, provide family support, and gather data and resources to better inform parents and the medical community about PANDAS and PANS.

PANDAS/PANS Advocacy & Support strives to build public awareness of PANDAS and PANS and to provide support for families dealing with the medical, educational, social-emotional, and financial hardships of this disorder. Our purpose is to raise funds to alleviate a portion of the financial burden encountered by families when treating their children, while also increasing the knowledge amongst medical providers, educators, and legislators at the local, state, and national levels.
