Course Description
The diagnosis and treatment of Pediatric Autoimmune Neuropsychiatric Disorders Associated with Streptococcal infections (PANDAS) and Pediatric Acute-onset Neuropsychiatric Syndrome (PANS) remain important challenges in pediatric medicine as children continue to suffer from the debilitating symptoms of both disorders. These challenges are met with radiologic imaging and streptococcus surveillance for early diagnosis, both reviewed at this conference. Medical and surgical therapies discussed at this conference will include deep brain stimulation, tonsillectomy, and behavioral therapy. Additionally, continuing and novel research will be presented, including a review of tonsil culture, cytokine, and animal model studies.

This conference strives to present these topics in an organized, concise, and complete manner to educate physicians and family members who may encounter children suffering from PANDAS/PANS.

Registration Fees
Physician: $250
Resident/Fellow: $175
Advanced Practice Clinicians: $175
Nurse: $175
Allied Health Professional: $175
Parent/Family Member*: $200
*Additional family member is $100

Hotel Information*
Georgetown University Hotel and Conference Center
3800 Reservoir Road, NW, Washington, DC | 202-687-3200

Key Bridge Marriott
1401 Lee Highway, Arlington, VA | 703-524-6400

A small room block has been reserved at the following locations; rooms will be available on a first come-first served basis. When making reservations by phone, please indicate that you are a part of the “PANDAS/PANS 2016 Meeting”
The cut-off date for making reservations is Wednesday, September 14, 2016.

*Meeting is taking place at Georgetown University, Key Bridge Marriott is less than 1 mile away
